

Subject: Application for Summer Internship Opportunity

Respected Sir,

I am writing this email to express my interest in a summer internship opportunity at your esteemed organization. I am currently a First Year B.Tech CSE Core student at VIT Bhopal University, eager to earn professional exposure and enhance my technical skills.

I have a keen interest in areas such as Artificial Intelligence, Machine Learning and backend development. I have also applied these skills practically by developing web-based solutions, such as the telemedicine platform "MediConnect", the cultural heritage platform "Virasat-Setu", during past hackathons and am currently working upon the "Vigilant.AI" for the current hackathon on banking problem. You can view my code upon my GitHub profile: <https://github.com/rishavraj-dev/>.

I am highly motivated to learn, contribute, and gain industry experience. I would be grateful if you could consider my application for any suitable internship roles. I am sharing my resume in this email and is ready to share any more information if required.

Thank you for your time and consideration. I look forward to your response.

Respectfully,

Rishav Raj

B.Tech CSE Core

VIT Bhopal University
